

TickTask

To- Do List application
Short overview

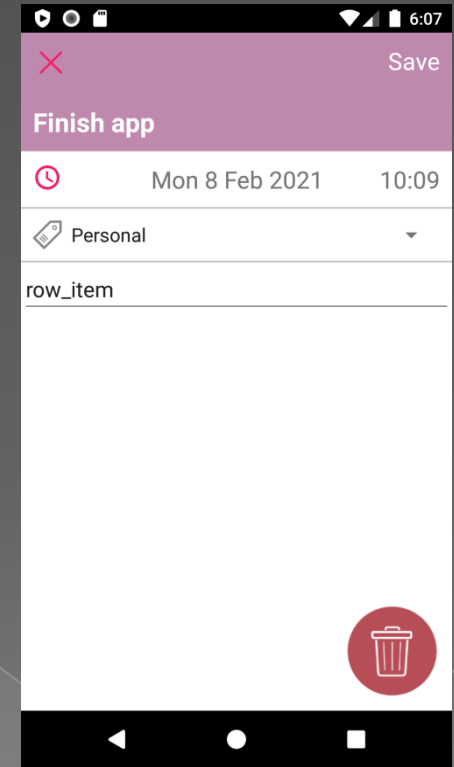

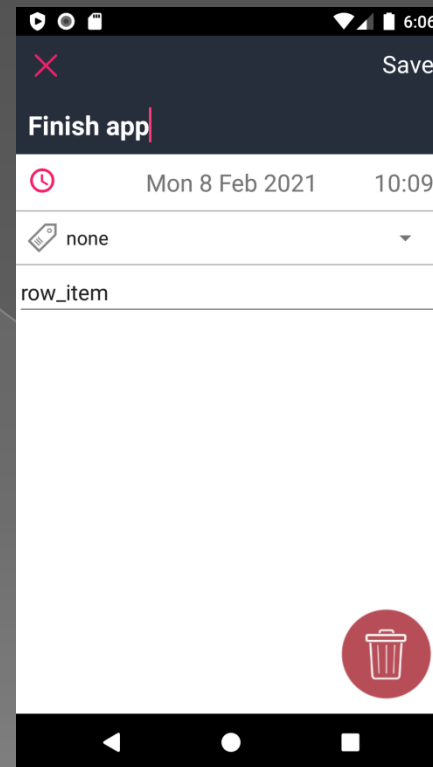

Homepage

- This is the view that you are supposed to have when you open the application. The number of tasks is shown, each task's category, due date (shown in red if passed), title and its description.

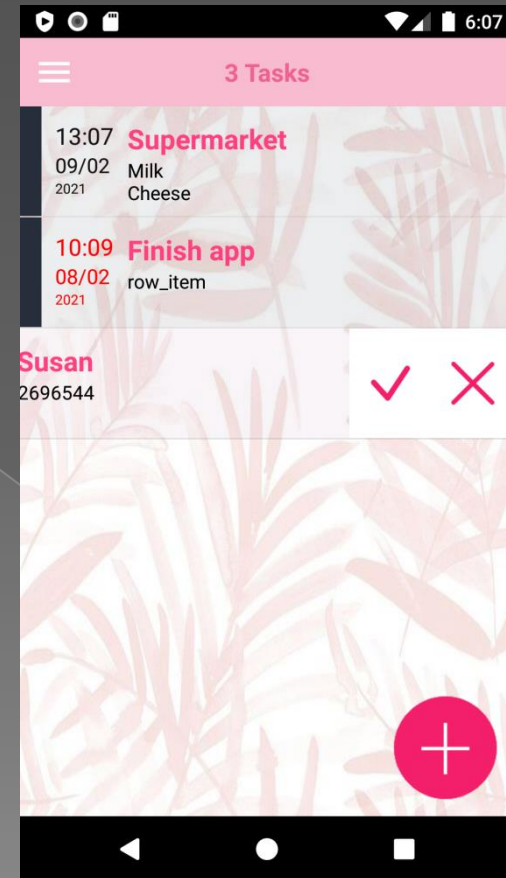

Creating a new task, Edit/Delete a task

- You can add title, description, date and category. To save your task, you need to click "Save" and it will be automatically added to the task view. By clicking on the task you can edit it or delete it.

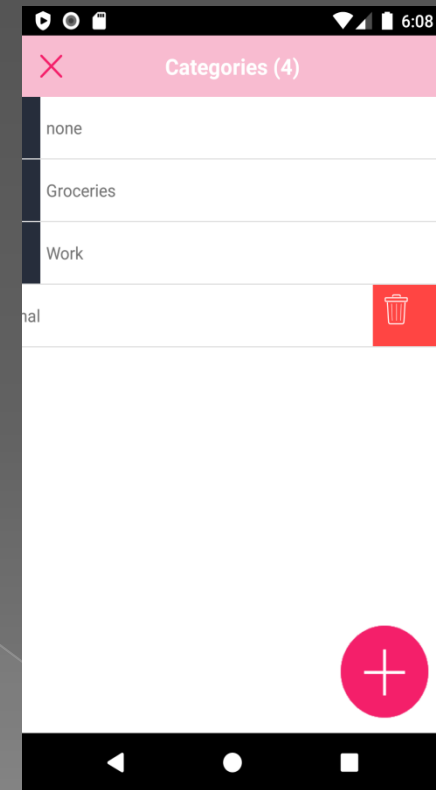

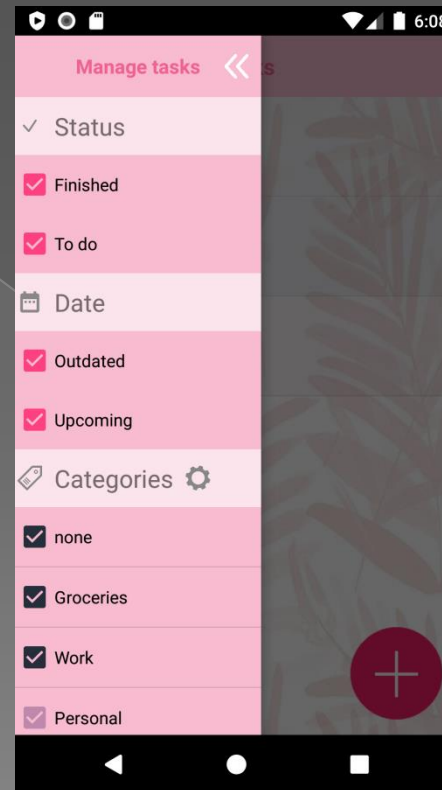

Mark a task as Finished/ To do

- Slide the task to the left if you want to change it's status. You can choose ✓ (done) or X (to do).

Add / Delete Categories

- When you are on the main screen, with a swipe a sidebar appears (to close it slide it back to the left). In order to add/delete categories, you need to click on "Categories"

Add / Delete Categories

- You can add a name or pick a color for the category -by clicking on the square. A dialog like this will appear letting you choose which color you want :

Notification

- When a task is due, you will receive a notification showing the category color, title and description of the task.
